

EXCELLENT WINES, MIRADORO RESTAURANT AND OUTDOOR SUMMER CONCERT SERIES MAKE TINHORN CREEK IRRESISTIBLE

If you're planning on an Oliver Osoyoos getaway soon, there is one restaurant in particular you must get to. And if you're smart, you'll time your visit with one of the outdoor concerts that takes place on their property.

[Miradoro](#) at Tinhorn Creek Vineyards overlooks the rolling Oliver hills and it's here where you'll find some of the best food in town. Their menu is Mediterranean-influenced wine country cuisine, but expect a focus on hyper local ingredients from neighbouring farms, too. I'm pretty sure a seat on their wrap-around patio during sunset is one of the best seats in the whole town.

Another big highlight of Tinhorn creek is their [outdoor summer concert series](#) which takes place at their amazing natural amphitheatre. Wine stations and a small food stand are set up outside, and everyone takes off their shoes for some dancing to Canadian bands that are featured here about once a month. You can also enjoy the tunes from a warm cozy spot on the 65 seat patio where you must enjoy a bottle of Tinhorn's award-winning wine. View their summer schedule [here](#).
