13/13 *Tiffany & Co. Knot Cufflinks, \$4,250*

FOR THE STYLE SAVVY

Nothing says smart and sexy quite like cufflinks—the finishing touch to a crisp shirt. These 18k-gold [Tiffany](#) cufflinks strike that fine balance between statement-making and sophisticated. That means they're oh-so-wearable at the office, during an evening at the symphony or at your best friend's wedding. They're a splurge-worthy present that will have him thanking you—and thinking of you—whenever he wears them.
