Before the summer is over (sigh), grab your bffs and head up to gorgeous [Whistler, B.C.](#) for a last warm-weather hurrah!

When the hubster, puglets and I were last in Whistler, we stayed at the top-notch property, the [Nita Lake Lodge](#). It was our first time at this luxury boutique hotel, and if you haven't been, you need to go!

Situated on the shores of glacier-fed Nita Lake, the lodge is mere minutes away (by car or the hotel's shuttle) from the heart of Whistler village, but you feel almost like you're in your own secluded, ultra-peaceful world. It's incredible.

I felt it was my absolute duty to share with you the amazing travel deal Nita Lake Lodge is offering for us gals. Aptly named the **Eat. Play. Love.**, their "Ultimate Girls' Getaway Package" is perfect for relaxing weekend retreats, bachelorette parties or long-overdue reunions.

After a scenic drive up the Sea-to-Sky highway (don't forget to stop and take some pictures), check into your stunning lakeview suite — your gal-pal getaway is about to begin.

Enjoy an included exhilarating adventure together with [Canadian Wilderness Adventures](#) or [Ziptrek Ecotours](#). Choose from a range of activities including ATV or horseback ride in the summer, to snowmobiling or dog sledding in winter and ziplining is available year round. And what girls' getaway is complete without some shopping and, of course, a trip to the spa?

After all of that excitement, relax with a specially-crafted cocktail and light bites in front of the fire, or cozy up on the patio of **Cure Lounge** before sitting down to a gourmet meal at **Aura Restaurant**. Finally, cap the night off with a gossip about your day in the hot tub as you relax underneath the stars. Sounds perfect, doesn't it?
