O Christmas tree, O Christmas tree, thy candles shine so brightly! You'll surely be inspired to belt out this carol once you lay eyes on one of [Bel Café's](#) peppermint macaron trees. These beauties are a sweet treat perfect to bring as a holiday hostess gift — or a holiday just-for-me gift. Each mini multicoloured tannenbaum is made up of 20 delectable macarons and does double duty as Christmas decor. We can attest to the fact that it looks absolutely adorable above the fireplace. Or on your dining room table ... if you can resist the temptation.
