Valentine's Day is just around the corner, so I wanted to share a few of my favourite pieces from Tiffany's & Co that make the perfect gift or treat for yourself!

I love Tiffany's pieces because they can be styled so beautifully together, making it really easy to collect favourites over time. There were so many perfect Valentine's Day pieces (I especially loved this **Heart Ring & XO Ring**) that still work for everyday, too. The same goes for this **arrow pendant**, I love it alone but it would look beautiful stacked with other necklaces as well, and it is delicate enough for everyday wear or for a more dressed up occasion.

One of my favourite Tiffany's Collections has definitely been the **Tiffany T Collection** (the first collection designed by **Francesca Amfitheatrof** who is just such an impressive and stunning woman!) so I added in a couple of the wire rings from that collection because I just can't get enough.

What is on your Valentine's Day wish list?
